

**THE WORLD IS DROWNING IN PLASTIC!
HOW WE CAN DO SOMETHING & MAKE A
DIFFERENCE**

PLASTIC PLEDGE LAUNCH

Friday 25th January 11.00am in Market Harborough Market Hall

This event has been organised by members of HARBOROUGH ECO CHURCH (part of Harborough Churches Together) with enthusiastic backing and support from Harborough District Council.

Present and speaking at the Launch will be Councillor Neil Bannister, Leader of Harborough District Council, and Mr Neil O'Brien, MP.

We ask local people to sign the pledge by committing to recycle all they can, re-use plastic bags, taking your own re-usable mug when you buy your coffee or tea, opt for buying loose vegetables and fruit whenever possible, etc. We want to get so many people signed up that local politicians and businesses will take notice and be encouraged to act.

Please come to the launch if you can - but most important of all - sign the pledge, ticking as many of the boxes as you can, and lets put an end to single-use plastic.
