Jubilee Foodbank Market Harborough
We continue to see a steady rate of new people and households coming to the foodbank as well as some people who are struggling to find a way to improve their situations. At least two families with children have had their benefits sanctioned and are appealing. There is an indication that zero hour contracts has an impact on some individuals. There are also people with very little support who cannot leave their homes. Benefits not going far enough, changes in benefits, delay in benefits and low wages and homelessness continue to be a concern. Prayers are welcome for all who need help in so many complex ways and for the trustees to make any changes needed to improve our support and guidance.
Liz Mills
Chair, Jubilee Foodbank Market Harborough
